Street Address: _____

City, State and Zip Code: _____

Cross Streets:_____

And, I am authorized to and do hereby grant continuing consent for entry upon the above described property by personnel and equipment of the City of Kent, its agents and employees and/or a community organization as the case may be (hereinafter separately and collectively referred to as "City") for the purpose of removing, reducing or obliterating graffiti on such property by high pressure technology, painting, or the use of chemical solvents, as deemed necessary or desirable by the City. The cleaning or painting of the defaced property may be performed by the City or by a community organization working with the City.

The City will, in good faith, attempt to clean or paint the defaced property. However, it is understood that: 1) the City shall decide what is the best method available for removing the graffiti. 2) because the graffiti may appear only on portions of a structure, the City shall be obligated only to attempt to clean and/or repaint the affected areas; after cleaning and/or painting, the treated area may not exactly match the colors on the remainder of the structure. 3) The City has not in any way obligated itself to do any work, or to use city equipment to any great extent other than as determined by the City. 3) Even after good faith efforts by the City, some residue of graffiti may remain and require more extensive painting or other treatment by the property owner.

I, the undersigned, do indemnify and hold the City harmless from any liability for physical injury, death or property damage arising from the performance of graffiti removal services on the property pursuant to this Consent, unless such liability arises entirely from the negligent actions or conduct of the City or its agents.
